

FOR IMMEDIATE RELEASE

Dayton International Airport announces new lower parking rate in Economy Lot

RELEASE DATE: Monday, Aug. 1, 2016

CONTACT: Linda Hughes, Marketing Manager, 937.454.8200

Beginning August 1, 2016, the on-airport Economy Parking Lot at the Dayton International Airport will have a new, lower flat rate of \$4.95 per day (and \$34.65 per week), making this lot the most economical of our on-airport parking choices.

There are no hidden fees when parking at the airport. To enjoy this new permanent rate, all visitors need to do is book your travel in and out of the Dayton International Airport. It's that simple. The airport has more than 14 non-stop destinations, as well as affordable and first-class amenities.

The airport recently re-opened its newly reconstructed Long Term Parking Lot. The lot is located just a short walk on the dedicated pedestrian walkway through the covered garage to the front of the terminal. The DAYrider courtesy shuttle is also available for convenience. At a maximum price of \$14 per day, this lot includes more than 1,100 parking spaces. New LED lighting keeps this lot well-lit, making it easy to locate vehicles at any time of day.

Visitors to the airport also can take advantage of the benefits of DAYperks, the airports parking loyalty program. Members can save time with automated entry and exit; save money by earning points redeemable for FREE parking; and easily manage their account online, quickly and securely. To sign up for DAYperks register at www.flydayton.com/dayperks.

The airport also offers DAYperks Corporate for companies to maximize benefits for their traveling employees. For more information, email sspees@flydayton.com.

Visitors to the airport also are now able to get to and through even faster by reserving parking spots with Premium Reserved Parking. Reservations can be made to park on the covered second floor of the on-airport parking garage directly next to the elevators. To reserve a spot, travelers can visit www.flydayton.com, and click "Reserve

your parking spot today!" After paying a \$3 per day reservation fee, they will be able to print personalized fliers to place on the dash of their vehicles. Visitors will be responsible for pulling a ticket as normal when they enter the garage and paying the posted rate upon exiting.

Reconstruction will begin this fall on the airport's Economy Lot with a scheduled completion in late Spring 2017. An abundance of signage and alternative parking will be available at that time to maintain the safety and convenience of visitors to the airport.

"The Airport is known for easy to and through travel," said Terrence Slaybaugh, director of the Dayton International Airport. "Having convenient, affordable and safe parking is critical to the value and convenience we offer visitors."

Handicap parking also is available at the lowest posted hourly/daily parking rate in the garage, the short term lot and near shuttle pick-ups in the long term and economy lots. The DAYrider courtesy shuttles are lift-equipped.

For additional parking information, call 937-898-1555. For more information about the Dayton International Airport visit www.flydayton.com.
